About Us

PANEL CASA is a subsidiary of a reputable group of companies that has been a leader in the Middle East's construction, metal industries, and industrial tools and equipment trade since 1985. With a strong track record of delivering high-quality projects and services that exceed customer expectations, the group has built a solid reputation.

PANEL CASA works closely with a leading Belgian group renowned for its expertise in engineering design to offer clients access to the latest technological advancements and innovative solutions in the WPC Wall Panels industry. With a team of experienced professionals, the company is committed to delivering superior results on every project.

PANEL CASA takes a customer-focused approach, tailoring each project to meet the unique needs and specifications of its clients. With a commitment to excellence and sustainability, PANEL CASA combines cutting-edge technology, innovative design, and environmental responsibility to deliver world-class WPC Wall Panel solutions to clients in the Middle East and beyond, whether it's a small-scale residential development or a large-scale commercial complex.

Products Overview

WPC (Wood-Plastic Composite) Wall Panels

Wall panels are a versatile and practical solution to add texture, depth, and interest to any interior space. Whether you want to create a modern and sleek look or a rustic and cozy atmosphere, there is a wide variety of panel options to choose from.

WPC wall panels offer a range of colors, patterns, and size. They can be customized to fit any size and shape, making them an excellent option for unique and challenging spaces.

Furthermore, WPC wall panels are easy to install, low maintenance, and can be easily updated or changed to refresh the look of your space. With their durability, style, and versatility, our wall panels are an ideal solution for anyone looking to add a touch of elegance and sophistication to their interior design.
